The diagram illustrates the user flow through the application's interface:

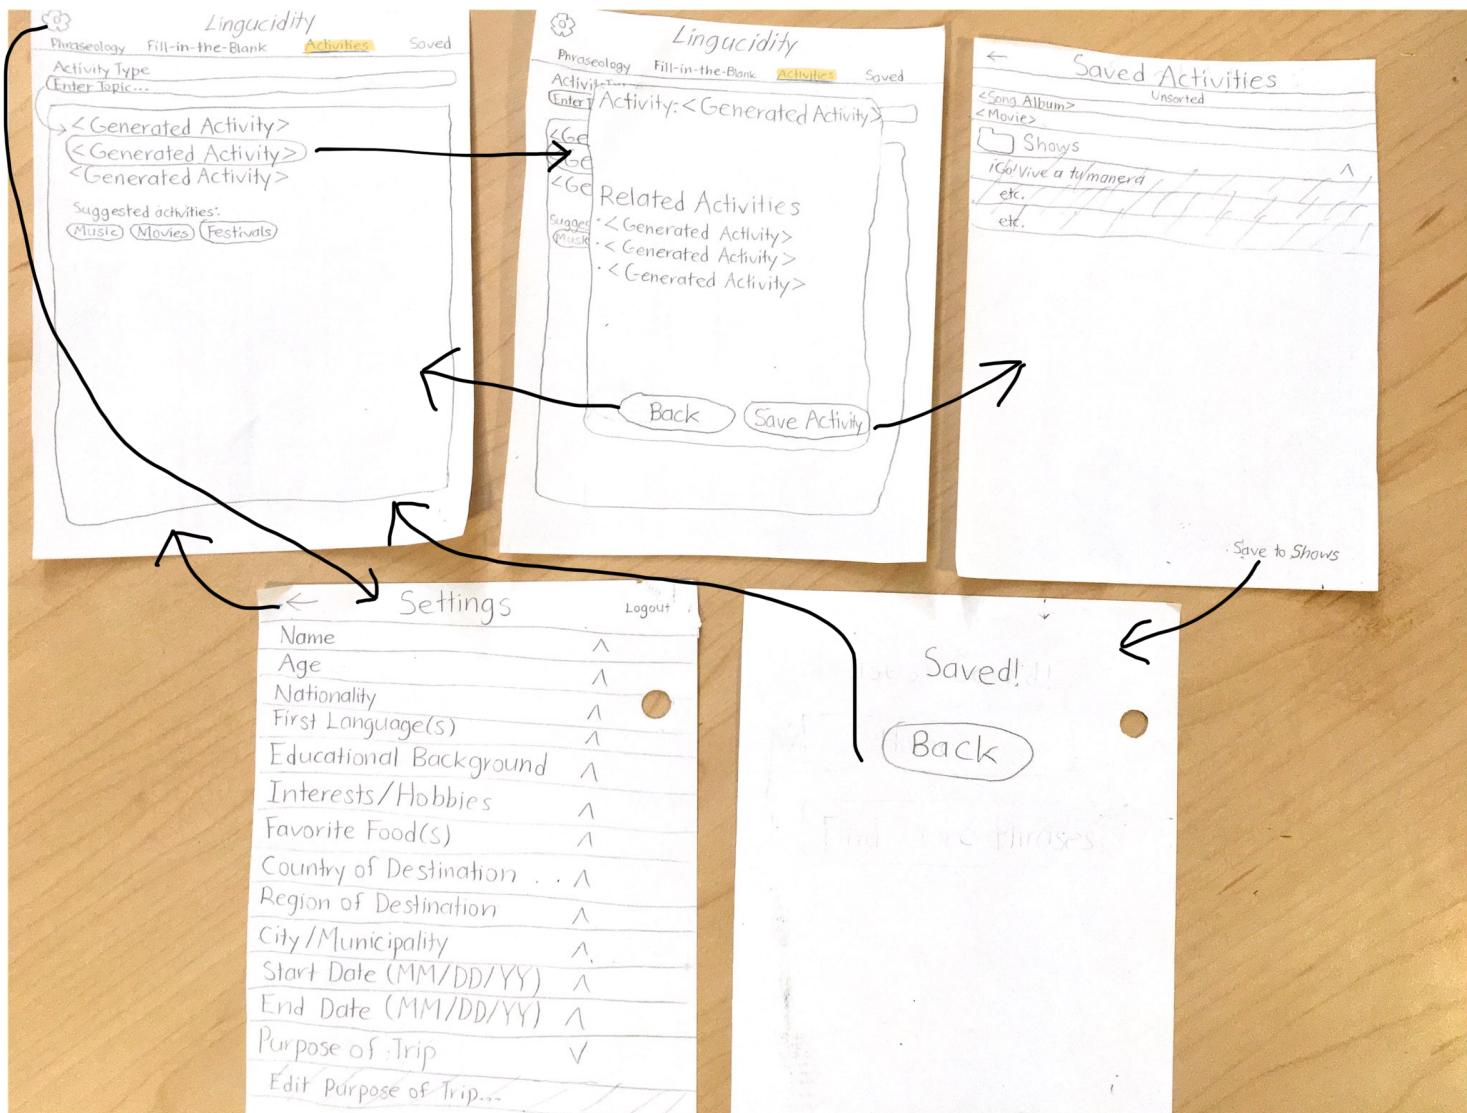

- Phraseology Screen:** Shows the "Fill-in-the-Blank" mode with a template for "I need to go to []". It includes fields for "Enter phrase...", "English Template", and "Spanish Template Translation". A note says "Spanish Template Translation appears when saving and logging in".
- Lingucidity Screen:** Shows the "Template" screen with a template for "I need to go to []". It includes fields for "Enter Your Template", "Eng: I need to go to []", and "Span: Necesito ir a []". It also shows a "Generate templates" section with "Spanish Template Translation" notes.
- Saved Templates Screen:** Shows a list of saved templates under "Saved Templates - Unsorted". Categories include "Questions", "Conversational", and "Emergencies". A note says "Save to Conversational".
- Settings Screen:** Shows the "Settings" screen with various profile details. A note says "Edit Purpose of Trip".
- Success Message:** Shows a "Saved!" message with a "Back" button.

Arrows indicate the flow from the Phraseology screen to the Lingucidity screen, from the Lingucidity screen to the Saved Templates screen, from the Saved Templates screen back to the Phraseology screen, and from the Phraseology screen to the Settings screen. Arrows also point from the Lingucidity screen to the Success Message and from the Settings screen to the Success Message.
